New SeaLand® 4800 Series All-Ceramic Toilets with VacuFlush® Technology Offer Ultimate Styling

ADVANCED ELECTRONIC FLUSHING ENHANCES USER COMFORT

BIG PRAIRIE, OH – FEB 2006 – The SeaLand “look” vaults to the next level in 2006 with new **SeaLand 4800 series all-ceramic VacuFlush toilets** from Dometic Sanitation Corporation.

Featuring a full-size bowl with elongated seat, and available in standard and low-profile heights, these new VacuFlush toilets let boat builders add a sleek, luxurious, all-ceramic fixture to virtually all small to large boat applications.

SeaLand 4800 series VacuFlush toilets flush on as little as 1.5 pints (.7 liters) of fresh water per flush. When compared to marine toilets that can use one gallon (3.8 liters) or more per flush, 4800 series toilets can increase holding tank capacity by nearly 400 percent.

These VacuFlush toilet models are activated by a wall-mounted switch – just push a button to add water or to flush. An integral water line check valve provides anti-siphon protection in freshwater systems.

SeaLand 4800 series VacuFlush toilets are available in white and bone colors, in 12 VDC and 24 VDC models, and with a choice of popular Vimar and Gewiss flush switches (mounting hardware must be ordered separately from switch manufacturer).

— more —

Dometic Sanitation Corporation markets SeaLand® and VacuFlush® marine and recreation vehicle sanitation systems. Established in 1984 as SeaLand Technology, Inc, the manufacturing facilities are located in Big Prairie, OH, with corporate headquarters in Elkhart, IN.

Dometic is a customer-driven, world-leading provider of innovative leisure products for the caravan, motorhome and marine markets. Dometic offers a complete range of air conditioners, refrigerators, awnings, cookers, sanitation systems, lighting, windows, doors and other equipment that makes leisure life more comfortable away from home.

Dometic also provides refrigerators for specific use in hotel rooms, offices and for storage of medical products and wine. Dometic's products are sold in almost 100 countries and are produced mainly in Dometic's own production facilities around the world. Dometic has more than 4,400 employees.
